About Maxer

Maxer Medizintechnik GmbH has established itself as a symbol of creativity and latest technology and is an internationally qualified supplier of world class medical instruments and devices.

Specialized in the field of Minimal Invasive Surgery, Maxer manufactures wide range of equipments such as Laparoscopy, Hysteroscopy, Urology, Pediatric Surgery, Arthroscopy, Spine Endoscopy, ENT, etc.

Maxer has been one of the foremost companies to bring out HD technology in MIS field. In 2004, Maxer brought out first endoscopy camera with Matrix Metering. In 2008, Maxer brought out HD Telescopes. In 2009, Maxer launched first Networked Endoscopy Camera System. In 2010, Maxer introduced pathbreaking 16 Fr Resectoscope for Office Hysteroscopy. In 2011, Maxer launched LED Headlight with 200,000 Lux illumination, again a state of art in this segment. In 2012, Maxer launched LED Light sources to keep Maxer customers always at the cutting edge of technology. Maxer has also launched HD cameras with integrated Full HD recording. 3 CMOS HD cameras with 6 megapixel camera head will be launched soon.

Owners of Maxer have been working in Medical market for more than 20 years and have installed thousands of sets with high level of customer satisfaction. This background has given Maxer profound credibility in the field of endoscopy.

Due to vibrant co-operation with end users, Maxer is able to continuously improve upon the product range and also able to meet special modification demands. Maxer believes that growth and innovation go hand-in-hand.

Maxer sells complete system with a focus on product quality and customers satisfaction. Maxer provides sales and service training to it's distributor in order to be successful.

Maxer believes that sound ethics with professionalism will only give success to the company. Maxer's growth and success are based on long term partnerships with customers, distributors. Maxer currently exports it's products to Europe, Asia, Africa.

Maxer is headed by Mr. Giovanni Miranda in the capacity as a Managing Director.

How to reach to Maxer - Maxer is located in Würmlingen (sales office) within the medical instruments manufacturing region around Tuttlingen in South Germany. Maxer also has registered office at Spaichingen.

INDEX

Handles _____ FL - 4 to 5

Biopsy Forceps _____ FL - 6 to 21

Foreign Body _____ FL - 22 to 31

Polyp Retriever, Scissors _____ FL - 32 to 41

Flexible and semi-rigid forceps _____ FL - 42 to 52

Cleaning Brush _____ FL - 53 to 55

Hysteroscopy Forceps _____ FL - 56 to 57

Miscellaneous _____ FL - 60

Miscellaneous

Instrument Spring

HOT-Koag, for stanching blood, tapered tube for accurate access (without handle)

25.00.0009

Miscellaneous - Instrument Spring

Instrument Spring :

- Effective reprocessing of reusable Biopsy Forceps
- Storage of guide wires and flexible accessories
- Surgical high grade steel
- Autoclavable at 134° C

The instrument spring can be used for all biopsy forceps. With fixation of the instrument spring at the handle of the forceps it is insured, that the jaws rest open while cleaning the instruments.
